

Presidents Annual Report.

I had to wait 100 years before pouncing in to secure a Centenary year Presidency, a policy I can heartily recommend as I and I hope others enjoyed the night at the Midland Hotel.

While a one off night was good fun we should look at the day to day running of the Association.

I hope the Association can continue to maintain links with the School and as a priority look to encourage Old Hulmeian's who have come through the Academy to join the Association.

I'm retiring this year, as President, but will remain on the committee as immediate past President. I will continue to enjoy handling the bizarre and eclectic requests that come through the website of historical lookups in the Hulmeian's Archive. Keith Robson is currently photographing the School register, from the Schools founding, with a view to putting it online. We have a great resource in old copies of School magazines already online and I hope that on line archive continues to grow.

I have thoroughly enjoyed my involvement over the last 2 years and would like to thank the committee for their support and the pleasure of their company.

I believe the Association to be in good hands with Jon Benson and as he was a prefect and deputy head when he was at the School, 2 appointments that eluded me, I'm sure he will progress the Association in areas I can only dream.

Matthew Hargreaves

President

Old Hulmeians Association

2011-2013
